END USER AGREEMENT

Licensor

MENUSOFT SYSTEMS CORPORATION ("Licensor") is in the business of developing and marketing computer software products for microcomputers. Licensor is owner of all rights, title and interest to prior and current versions of the software on media and related documentation ("the product").

Licensing

We sell "licenses to use"; no ownership is transferred, implied, or granted to the purchaser. Digital Dining licenses are for use of the original purchasers only, licensed to a specific corporation and its original officers at the time of purchase, restaurant name and location, and are **nontransferable**.

The license may not be given, sold, leased, or rented to any other person or business.

All licenses can only be used by the original purchaser at the specified location that the license is issued to.

Support

Menusoft is a software developer only. We do not manufacture or sell any hardware, nor do we provide any direct support to end users. Our product is licensed through our dealer channel only. Our authorized dealers are solely responsible for the installation of hardware and software. All training and support of Digital Dining and related hardware and software is the sole responsibility of the dealer. In the event that the dealer you purchase Digital Dining from is no longer in business or is no longer an authorized dealer of Digital Dining, Menusoft will make a reasonable effort to assign a new dealer to provide direct support.

Registration/License Protection

Dealer, on behalf of its customer, shall register each copy of the product with Licensor. The registration will be accomplished on forms prescribed by Licensor and provided in the sealed package. Dealer acknowledges that neither the Licensor nor the Dealer will support in any way an unregistered copy of Licensor's product. Provided Dealer is not in default hereunder, Dealer may obtain updates from Licensor as they become available for distribution.

Nothing herein is intended to, nor shall it be construed to, provide any right to Dealer or Dealer's customer to decompile, duplicate, or reproduce the product or any other documentation (including, but not limited to, marketing materials) provided by Licensor. Any act inconsistent with full and complete protection of Licensor's copyright and common law rights in the product is expressly and strictly prohibited by this Agreement.

The parties hereto acknowledge that any decompilation, duplication, reproduction or other unauthorized use or disclosure will cause irreparable harm to Licensor. Licensor shall be entitled to enforce both its legal and equitable remedies to prevent such harm.

Dealer and its users (customers) shall fully cooperate with the Licensor in any copyright enforcement or related action brought by Licensor and shall promptly notify Licensor of the presence of any unauthorized product.

Duties of Dealer/Training/Support

For all purposes hereunder, Dealer is an independent contractor. Nothing herein is intended to, nor shall it be construed to, create a joint venture, partnership, or any employment relationship between Licensor and Dealer. Dealer has no right or authority to assume or create any obligation in the name of or on behalf of Licensor.

Dealer is solely responsible for product support of its customers. It is in the best interest of both Licensor and Dealer that the Dealer's customers are satisfied with the level of product support and training provided by Dealer. Dealer shall provide adequate training for both its customers as well as its support/sales staff.

It is the dealer's responsibility to inform its customers of any software updates. It is in the best interest of all parties; licensor, dealer, and customers that they be current on software versions.

Disclaimer of Warranties/Limitation on Damages

Menusoft Systems Corporation expressly disclaims any warranty for the software product. The software product and any related documentation is provided as is without warranty of any kind, either express or implied, including, without limitation, the implied warranties or merchantability, fitness for a particular purpose, or non-infringement. The entire risk arising out of use or performance of the software product remains with the end user.

In no event shall Menusoft Systems Corporation be liable for any damages whatsoever (including, without limitation, damages for loss of business profits, business interruption, loss of business information, or any other pecuniary loss) arising out of the use of or inability to use this software product.
